

Sivatouch MT-4000 series

Sivatouch MT-4000 series is newer model of high-tech tweezers HP series. It overcomes all disadvantages of legacy HP series.

Feature

- Very safe and reliable design to prevent residue of adhesive from remaining.
- Heat resistant adhesive enables the tweezers to be utilized for soldering purpose.
- One touch adjustable design: Obnoxious process to adjust the amount of adhesive is not necessary.

Sivatouch Main Unit

	Standard Tip	Tip Material	Stripper Material	Approx. usage
MT-4200	BC-4200	Heat resistant resin	Heat resistant resin	*1 20,000 to 30,000 times
MT-4400	BC-4400		Heat resistant resin	
*3 MT-4500 (Anti ESD)	*3 BC-4500 (Anti ESD)		/SUS304	

*1) Approximated in good usage conditions and maintenance with appropriate Tip Cleaner.

Tip types

	Compatible with	Applicable size for capture	Maximum Weight for capture	Diagram
BC-4200	MT-4200	φ1.0mm-φ4.0mm	100mg	figure-1
*2 BC-4201	MT-4400	φ3.0mm-φ10mm	500mg	figure-2
*2 BC-4202	MT-4500	φ3.0mm-φ30mm	1000mg	figure-3
BC-4400	MT-4400	*4φ0.25mm-φ1.0mm	3mg	figure-4
*3 BC-4500(Anti ESD)	MT-4500	*4φ0.25mm-φ1.0mm	3mg	figure-4

*2) Optional TIP. Not included in the standard package.

*3) Anti ESD properties is possible only with the combination of MT-4500 + BC-4500

*4) The stripper is thicker
